

AL-WAHA TRANSPORT, MAINTENANCE & CONTRACTING COMPANY W.L.L.

OUR VISION

Al-Waha TMCs vision is to remain robust in the coming years and consequently become a name that the industry remembers when excellent service is in discussion.

OUR MISSION

Delivering exceptional quality services to clients' thus building good relationship and client loyalty along with distinctive manpower administration.

Founded in 1967, formerly known as Al Waha Transport under the auspices of Mr. Ahmed Abdulrahman Y.O Fakhroo, the company was considered as one of the pioneers of transportation providers in Qatar working under the Al Waha Group.

Proudly assisting numerous esteemed clients with safe, reliable and timely transportation service since foundation, Al Waha Transport gained its independence from the Al Waha Group under the leadership of Mr. Khalid Al Masri, Partner and Managing Director and was named Al Waha Transport, Maintenance & Contracting.

From then on Al Waha TMC acquired significant industry exposure and broader understanding of client needs and in the year 2005, was registered as a private company with limited liabilities.

Al Waha TMC now offers a full range of contracting services related to transportation, maintenance, and support services in the Oil and Gas industry.

Recognized throughout its years of experience in the industry and establishing a manpower resource of 600 highly qualified employees of various expertise and nationalities, the company remains forceful in the industry allowing prestigious clients such as QP to repeatedly award Al Waha TMC with numerous contracts.

Continued confidence acknowledged by its clients has pushed Al Waha TMC to extend existing services and as a result, Al Waha TMC's expertise are now fully mobilized within Qatar retaining accommodation camps, offices, garages, workshops, and fabrication yards in parts of Doha, Dukhan, Mesaieed and the Industrial Area.

Al Waha TMC is committed to surpassing the expectation of their current and future clients by building solid associations through reliability, highest level of professionalism and services that yields excellence in project output. Our company worked hard identifying customer needs and in doing so, bravely embarked on amplifying our resources, principles and standards to fulfill requirements and overall satisfaction in our ventures large or small. With the company's existing team of highly qualified management and technical staff, Al Waha TMC has, through time, developed and enhanced the most beneficial sequence in project planning and execution in meeting accuracy in contract commitments thereby constantly succeeding and excelling the field of service.

Transportation

Known as one of the pioneers in the transportation business, Al Waha TMC has for the past 40 years assisted many clients with the safest, most reliable and timely service. Bearing witness to this claim is the company's constant achievement of recognition and the unvarying patronage from clients.

Our Transportation Services include:

- Safe movement of resources from one point to another using the most reliable and appropriate means
- Supply of Heavy Vehicles and Equipment's, including Lifting Equipment's in the Oil & Gas Industry by possessing the highest standard of certification
- Luxury Buses to several Tour providers
- School Buses with Conductors to over 20 Schools around Qatar

Maintenance

At Al Waha TMC we maintain and set standards for professionalism by upholding maintenance ideologies in the field of service. A part of these principles is promoting continuity in all of clients' resources whether in architectural, civil or electrical aspect. In this manner, the company and its team of skilled employees has consolidated a large offering of regular and preventive maintenance services that are carefully designed to sustain standards in all of clients' assets.

Our Maintenance Services include:

- Plant Maintenance – Long-term Contracts at several Oil & Gas Plants since 2001 covering Civil, Electrical and Mechanical works
- Facilities Maintenance – Long-term Contracts for districts covering many facilities owned by Oil & Gas Companies
- Vehicles & Equipment's Maintenance – In-house workshop conducting all types of auto-mechanical and auto-electrical works
- Renovation, Refurbishment, Modification and Re-construction works

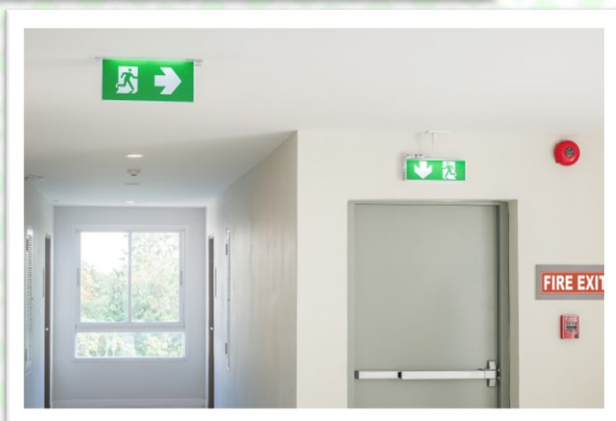

General Contracting

We provide general contracting and contract management services from preparation and setting-up to successful project completion. No project is beyond our scope – no details are too small for Al Waha TMCs exceptional management team.

In the contracting business, we take pride in realizing projects that do not only deliver clients' needs but are also cost effective, beneficial and will maintain or increase in value. Our team has the ability to execute and deliver large scale projects including EPIC projects with the highest degree of standards.

Our business patterns and contracting methods are up-to-date with the latest developments in the industry and allow to offer the following:

- Sports facilities from Running Tracks, and Courts to Flood lights
- Shelter Shades
- Fencing and Barriers
- Scaffolding Works
- Landscaping, Irrigation and Street Furniture
- Firefighting and Fire-alarm Works

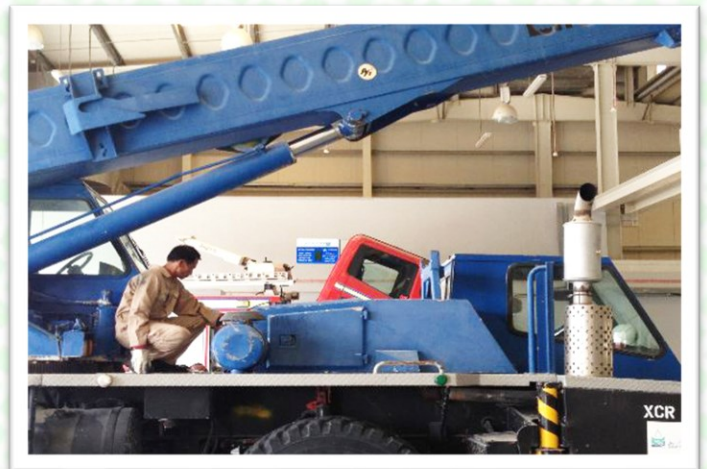

Technical Support

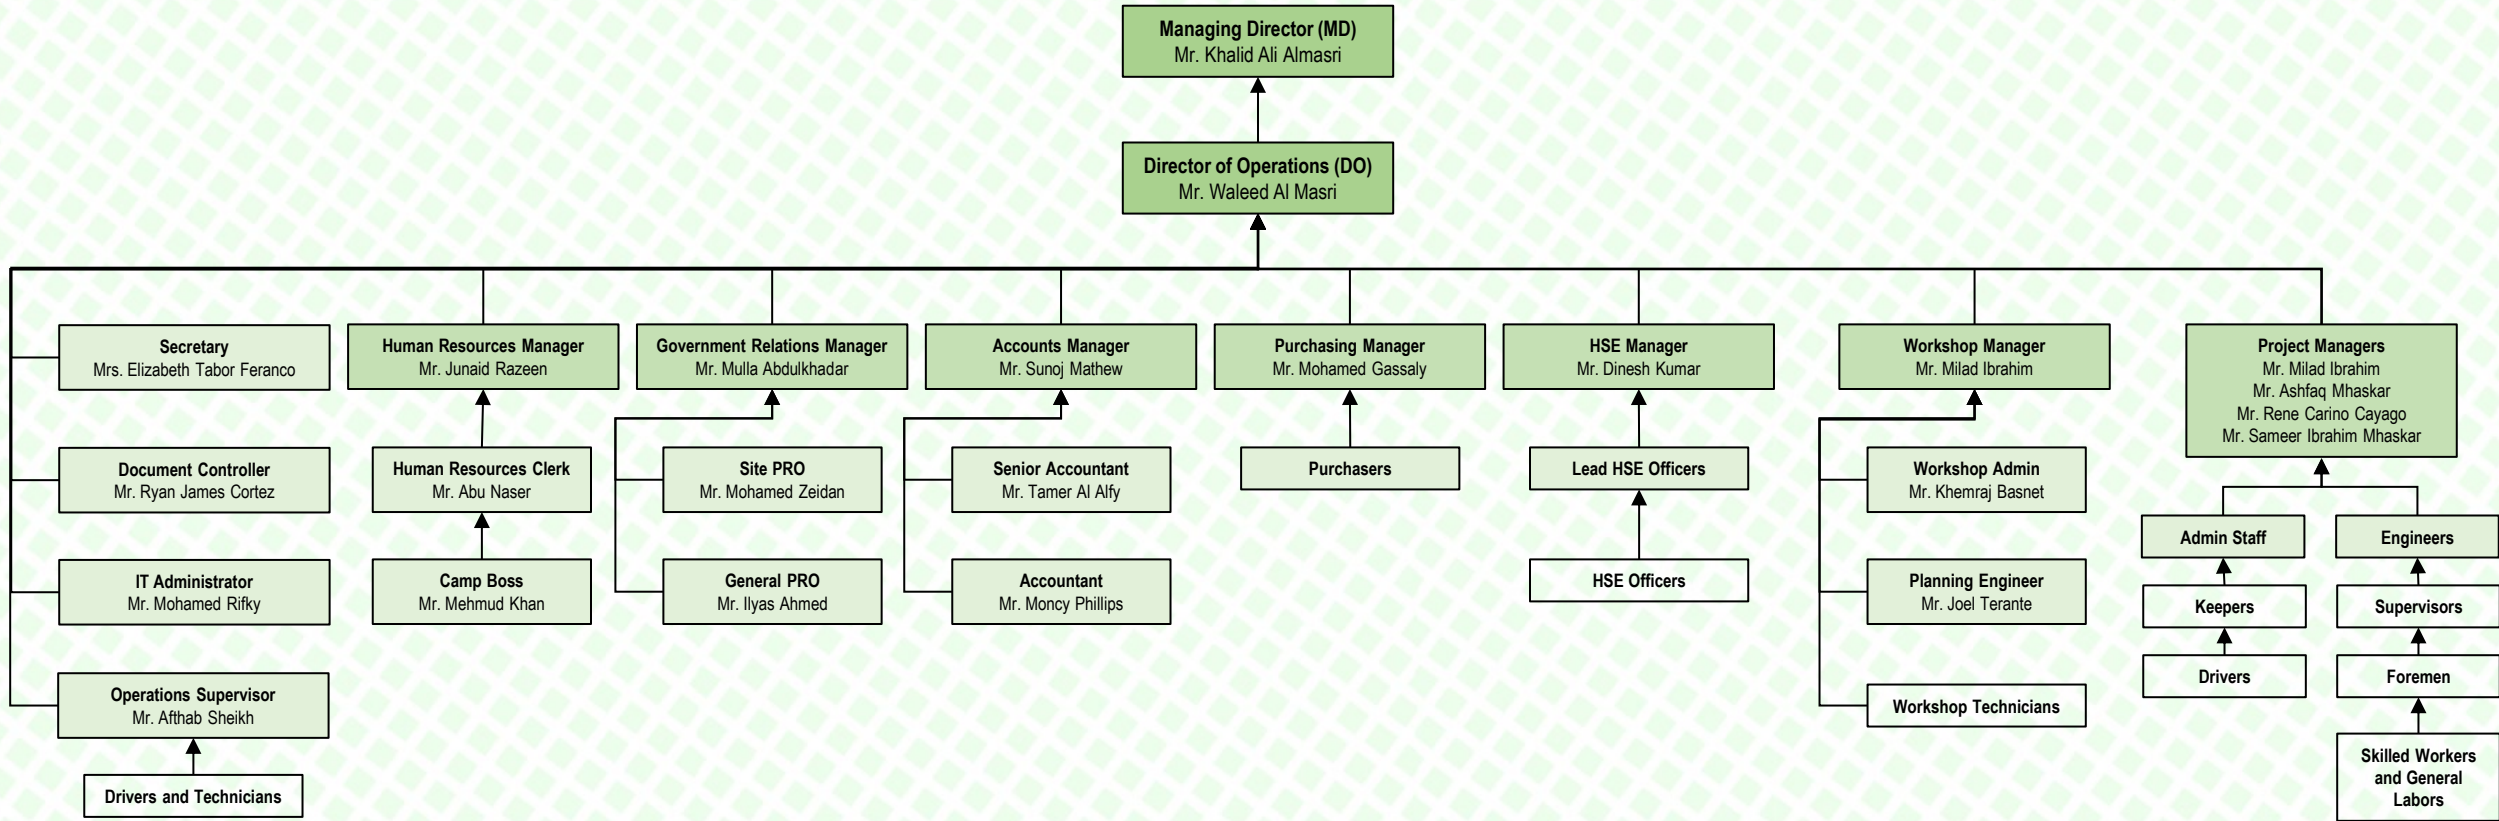

Recognizing the steady boost in Doha's industrial economy, Al Waha aimed and geared towards expansion of services by employing highly trained and qualified manpower and supplying them to clients in coping with the economic requirements and changes. All projects and assigned works are undertaken efficiently by our employees that are specializing in different fields.

These specialties include;

- Auto Mechanics
- Auto Electricians
- Lifting Operators (Mobile Crane of all capacities, Self Loaders & Forklifts)
- Heavy Vehicle Drivers
- Equipment Operators (All type of Loaders & Excavators)
- A/C Technicians
